Greetings and Welcome

Budget

- With the budget situation the way that it is, it is likely that this committee will be consulted. Keep speaking up about the importance of research programs.
- We should have a discussion about R2 and the possible changes coming from the Carnegie foundation. Need to make sure that cabinet is aware. Possible updates from Carnegie in 2025.
- May be worth getting on FA agenda and can talk about research happening on campus.

Genia Olesnicky – Invited Guest from LAS Jury Duty Dependent

- Genia was not able to join this meeting and will join us next meeting.

Other updates

- Still need a VAPA representative

Action Items and Updates

Admin Tasks

- Grant's run as chair will be over at the end of this semester. Start thinking about if you would like to nominate yourself or start thinking about who would like to nominate.
- We will be doing a vote at the end of the semester.

Core Strategies Update

Differentiated workload feedback

Homework 3

For next time: Gwen/Xochil in March if you have feedback for OSP or SPA
