Subject: [faculty-l] Academic Computing Committee Report

Message from: David Anderson danderso@uccs.edu

We did not have enough in the way of substantive updates or issues to warrant meeting this month, so I have no formal report. However, I'd like to pass along some things we are working on, testing, evaluating, etc., that we will likely report on by next month:

- IT computer lab refresh – move to virtual desktop model?
- Windows 8 – if and when to deploy?
- Ingeniux user group – should start soon
- Adobe Connect Pro – still fighting with contract
- Cherwell – possible campus-wide solution?
- Blackboard
 - Dates for creation of, enrollment in spring courses
 - New procedure for merging courses/sections
