

EPUS Committee Report  
October 2016

- The EPUS Committee reviewed Proposed APS 2027—Code of Conduct and provided feedback to the Faculty Assembly Executive Committee. The committee had no issues with the overall wording of the APS but recommended that an inquiry be made regarding how ‘harassment’ is defined and whether this overlaps with any other APS.
- The committee is currently reviewing revisions of APS 5002—Faculty Appointment Letters and APS 1021—Faculty Mentoring.
- The committee will also be providing faculty representatives for several Policy Review Teams for campus policies that are under review this semester.
