

Faculty Assembly Election Results

Colleagues,

My sincerest thanks to all of you who took the opportunity to participate in the Faculty Assembly elections. We had a voting response rate of 27% (responses from 153 out of 571 faculty). In particular, I want to thank all of the faculty members who agreed to run for positions, including those who were not elected this time, as well as those who helped seek nominees. We could not have had a successful election without you. Your contribution is critical to ensure we make the most of shared governance.

The list of elected officers and representatives is below.

All the best,

David J. Weiss
