Message from: Michele Companion mcompani@uccs.edu

Hello Wonderful Colleagues!

I am so pleased to begin another year working with and for all of you! I have a very short report and apologize for not being with you today. I will be continuing to work with the administration on mentoring issues, planning faculty retreats, and looking at ways to develop professional development workshops on campus. I look forward to another amazing year. I hope to see you all at the next Conversations at Clyde's! Cheers!
