Subject: My report for FA 03/13/20 Meeting

- 1.** The ballot is set for the faculty elections which will be held the week of March 18-22, please see below attached document.

- 2.** The FCQ task force groups submitted their survey to the faculty regarding FCQs and more than 160 faculty have responded. It closes March 14th, so we'll let you know the results at the next FA meeting. I'm directly emailing groups of faculty to get more turnout since many faculty-L emails go directly to trash.

- 3.** Our other groups are working on 1) peer observation forms which should be ready for April, 2) a model spreadsheet people can use for their department's merit evals to result in a score for merit evaluations based on departmental guidelines that you can put in there, 3) recommendations regarding which questions are recommended for use in merit reviews in terms of evaluation vs. general self improvement.
