May 3rd, 2013

Christina Jimenez- Would like to bring writer Gabriela to present her book Jungle Laboratory (the making of the birth control pill)

Tim McDonnell- Provided FMAC with a projected grand total from 2012-2013. It was suggested that he added another column including the suggested expenses for the Fall semester. Many of the fall semester events have already been planned, and can be projected.

It is encouraged that all those who were granted an amount by FMAC present an oral presentation describing how fundings were used. If for any reason the person that was granted this amount cannot attend the meeting, a written report should be made.

By-laws: Copies of final drafts were presented.

Error on #2: Term limits 2 year term/ 1 time renewal for another term.

By-laws were edited.

Christina will revise and send the final draft.

FMAC voted to accept by-laws as amended.

Chair candidate: Professor Jeff Montez de Oca. He will be teaching Fridays therefore, FMAC meetings will be changing day and time starting Fall semester.

Anthony Cordova announced the event that will be occurring Saturday May 11th at the Berger Hall - 3 awards will be given (outstanding faculty, staff, and mentor).

R.S.V.P please

Proposals:

Amanda King was granted \$200 (which will also be reflected this Spring semester)

Marguerite Cantu was granted \$200 for June 1st event (amount to consider for this semester).

Brandon Ortega shared with FMAC an upcoming event which will be a tribute to Selena \$250 were awarded for this event.

FMAC awaits for Marcela Diaz report, on how funds were used.

In order to decide on a date and time to conduct FMAC meetings, an e-mail will be passed around for all FMAC members to give their input on best dates and times.
