

**UCCS Faculty Representative Assembly  
President's Report  
April 12, 2013**

- An official congratulations to Tom Napierkowski for being awarded the CU Faculty Council Distinguished Service Award. The Faculty Council distinguished Service Award recognizes the service of faculty to the University of Colorado. It is designed to recognize contributions through participation in faculty governance, particularly through activities in Faculty Council and its committee structures. The announcement naming Tom as the recipient came out just before the Faculty Assembly meeting in March so I wasn't able to include it in my President's report.
- Be Colorado *Move* is encouraging faculty and staff to sign up for the program. See [www.becolorado.org](http://www.becolorado.org) for more information, including the \$\$ incentives that are available.
