- Set committee agenda for the 2014-2015 academic year
 - Campus wide survey of NTTF – a survey was conducted in 2008. Given the growth in NTT faculty since then, the committee plans a similar survey for this year.
 - Salary Compression – Concerns were raised that the most recent CUPA data on IR's website does not include comparative salary data for the Instructor rank. Since the CUPA model is potentially under consideration as a way to adjust salaries, Christine is following up with IR about whether such data exists or can be gathered.
 - Increased NTTF Involvement – Exploring ways for non-NTTF Committee members to become more involved in the committee's work.
