There was one write-in candidate for the 7th College of Letters, Arts and Sciences representative position, but to date I have been unable to confirm that the person nominated is interested in serving as a representative. If that person is interested in serving, then all of the representative positions for LAS have been filled. If that person is not interested in serving, then nominations for the 7th position will be sought at the beginning of the Fall 2012 semester.

The run-off election for the 2nd Beth-El College of Nursing and Health Sciences representative position will be held April 16-20.
