

Faculty Assembly President's Report September 2013

Welcome back for the 2013-14 school year!

The Faculty Executive Committee will be working on several items this fall that, along with typical business, includes Graduation Marshall selections and faculty seating at graduation.

A committee listing of the Faculty Assembly Committees and the system wide committees is included at the end of this report. We have most vacancies filled, however we do have one vacancy on the system-wide Personnel Committee that I would like your help in filling so we have two voices on that committee as several important items are up for discussion. Please let me know if you have a nomination for this vacancy.

I have been in communication with Jim Spice over the summer in regards to faculty concerns regarding parking. He will be in attendance at the September Faculty Assembly meeting in order to provide information regarding parking to help address frequently asked questions and concerns.

There are several APS documents up for review this year, the first is related to hiring retirees into staff positions (APS 5054). Another is the Parental Leave Policy. Additionally the system wide Personnel Committee is proposing an APS on Implementing Program Discontinuance. If you have comments on these, please pass them along to your college rep to the UCCS Personnel & Benefits Committee. All policies can be found at <https://www.cu.edu/policies/>

Annual Events for 2013-14 for Faculty Council committees are:

EMAC Student Retention Speaker, November 8th, UCB

GLBTI Annual Symposium, October 25th, St. Cajetan's Church, Auraria

12th Annual Cu Women Succeeding Symposium, February 27th & 28th, AMC (seating is currently limited)

CU for Colorado is a program that brings together all of CU's outreach programs into one location for people to search how CU provides public service, education, health care, community support and cultural engagement to our Colorado Communities. If you would like to see programs you can visit the website at www.cu.edu/forcolorado or contact outreach@cu.edu to submit an item that you think should be there.

If you are interested in becoming a CU Advocate, you can join the CU Advocates network at <https://www.cusys.edu/cuadvocates/>. This group helps to spread the word about CU's value and promotes CU to prospective students and ensures that CU's voice is heard.
