- Green Action Fund (GAF) – small grants due Nov. 23rd
- Sustainnovation – scheduled for April 13th, focus on *Transportation*

Sustainable Development (SUDV) minor: Definitions and Assessment:

- Discussed how the SUDV minor is currently assessed, and how to revise and improve assessment instruments using different evaluation methods and rubrics

Guest Michelle Neely, Director of UCCS Writing Across the Curriculum and Portfolio, presented examples of assessment used in the Compass Curriculum, which led to a discussion of how to craft an effective instrument for Sustainability-flagged courses for the Compass Curriculum. The committee crafted several components of a draft rubric, which Michelle, Steve Jennings, and David Havlick agreed to work on in follow-up sessions.

1:05 Meeting adjourned
