

Sustainability Committee
11 December 2015 Meeting Minutes

10:00 am – 11:30 pm • EPC 304C (library conference room)

Attendance: Steve Jennings, Joel Tonyan, Emily Mooney, Kevin Gilford, Kimberly Reeves, David Havlick (chair), Margaret Scott, Tracy Gonzalez-Padron

1. The committee discussed a draft of Sustainability Committee Bylaws and contributed a number of useful points for revision. The chair will revise the draft and present it for consideration at the next committee meeting in spring semester.
2. The chair updated the committee on his recent (Nov 2015) meeting with Senior Associate Vice Chancellor David Moon, which focused on revisions to the Sustainable Development minor and how to identify and secure campus-wide support for this program, and a planned Intro to Sustainable Development course. Next step is to meet with LAS Dean Peter Braza.
3. The committee also dedicated time to identify future projects for the committee. Ideas included:
 - a. Creating a resource for faculty, staff, and students to show/share faculty research and teaching, Sustainability Office projects, and related efforts.
 - b. Create and post a Top 10 (20?) list of books on sustainability
 - c. To explore possible sustainability-related connections with the Chancellor's Focus on Leadership, UCCS Lead, and BI degrees.

11:30 Meeting adjourned
