Subject: [faculty-l] UBAC report + Attachment

Message from: Sue Byerley sbyerley@uccs.edu

Hi Everyone. Sorry about the attachments not showing up in the last email. Here is the actual UBAC report and the other attachment.

UBAC Meeting 4/3/14

UBAC met this morning and discussed and approved the attached revised regent approved allocation of the 3.4% tuition increase for AY 2014-15. The allocations and sources were approved by a vote of seven to one with no abstentions.

Following that, the initial quantitative results of the two campus program prioritization initiatives, also required by the regents, was presented by the Chancellor and Vice-Chancellor for administration and Finance. These results were discussed and turned back to the administration and will be released to the campus after they have been discussed with the various programs

Sue
